## Price-List for Spring 1904

**REMEMBER,** That every tree and plant bought of Sweet is fully guaranteed in all respects, and that back of the guarantee stands a reputation that will bear investigation and is the result of thirty-five years of fair dealing.

### Special Notices.

**Order Early.** Reasons on page 7.

**We Fumigate** when requested to do so.

**For Terms, Conditions,** etc., see pages 2 and 3.

**Prices in this list** take effect January 1st, 1904, and all former prices are annulled.

**Club Order Offers.** See page 7 of this list. If interested write at once and ask for particulars and easy terms.

**XX or Bearing Age Trees.** See list, page 7.

**For Reduced Prices,** special offers, surplus lists and premiums, see pages 7 and 8.

**Our New Illustrated and Descriptive Catalog** should be used in connection with this price-list. See page 2.

**Send your orders** to us in January and February and get Premiums or Discounts as offered on pages 7 and 8 of this list.

**Be sure** and read clauses 15 and 19 on page 3 of this price list.

## PLEASE READ CAREFULLY.

OUR STOCK offered herein has been well grown, is perfectly healthy and strictly first-class in every particular. It will be carefully dug, graded and packed in best manner and we guarantee satisfaction.

OUR CATALOG, newly revised and illustrated is up-to-date in every department, and gives descriptions and a complete list of all the varieties we grow and valuable information regarding selections, planting, pruning, cultivation, etc.

The half-tone illustrations are from photographs of some of our Customers' Orchards and Home Grounds, showing trees, plants, &c. purchased of us—also from our Nurseries and Home Grounds. A copy will be sent free to all who ask for it. In our Catalog will be found a list of books suited to the needs of Horticulturists, Gardeners and others. We offer them at publishers' lowest rates. Postage paid.

OUR BOOKLET entitled "Trees That Please" will interest all prospective buyers. Sent free on application.

OUR PRICES may not be as low as others, but do you think it wise to make price the first consideration? Ask any successful grower or planter and he will tell you "No." The quality of the stock you intend to buy and the reputation of the firm you intend to buy from, should be considered as well as the price. In fact you should exercise the same care in the selection of a nursery firm as you would in the selection of an Insurance Company if not more. Our reputation of thirty-five years' standing will bear the closest inspection and we invite the same. Our trees are of first quality, better stock cannot be grown anywhere, and we will sell it to you at a fair profit over the cost of production. If you do not care to send us all your order, send part of it and balance to some other firm. We have faith in our trees and do not fear comparison with stock grown *anywhere in the world*. Give us a trial and become convinced that we speak the truth. Your small order will receive the same careful attention as a large one.

WE'D RATHER *people would say "SWEET'S TREES cost more than others, and are worth more," than to say "They are not as good, but they cost less."*

## ADVICE TO CORRESPONDENTS.

### TERMS, CONDITIONS, ETC.

Our patrons will confer a favor by observing, as far as possible, the following:

1. **Orders should be sent in** as early as possible as we enter them for shipment in the order received. When sent early before the rush begins, they are most sure of prompt attention and there is less danger of varieties being exhausted. Order now. Do not wait until you are ready to plant. Your order will not be shipped until the proper time, or until you wish it.

2. **In Ordering** please use our order sheet and write your name, address and shipping directions very plainly, so as to avoid the possibility of delays and mistakes. When it is left with us to choose mode of conveyance, we will exercise our best judgment, but in all cases our responsibility ends on delivery of stock in good condition to the Freight or Express office here.

3. **Size of Orders.** Orders for Express shipment must amount to \$1.00 or more, and for freight \$2.50 or more. No orders filled for an amount less than \$1.00.

4. **Packing.** We make no charge for packing or boxes, or for delivery on board cars here, excepting on freight orders of less than \$5.00, for which a charge of 50 cents will be made to help cover cost of box.

5. **Terms. Cash with Order.** Remittances should be made by Post Office or Express Money Order, Bank Draft or Registered letter. Checks on local Banks should have exchange added.

6. **Special Terms on Early Orders.** Parties wishing to order early and have stock reserved, can remit one-third with order and balance when ordered shipped.

---

The Pedigree of the grower is more important than the ALLEGED pedigree of the tree

7. **Guarantee of Genuineness.** Everything sent out will be carefully labeled with its true name. Only experienced and careful help will be used in putting up orders. But with the utmost possible care errors may occasionally occur, and we sell our stock under a warranty that it is true to name and of quality represented, with the express understanding and agreement that should any not prove true to name, we will replace the same without charge or will refund the money paid for such stock; but are not liable for damages other than above named.

8. **Errors.** Our customers are requested to notify us instantly of any errors, so that we may at once make ample amends, as we desire to conduct our business in all respects satisfactorily to those who favor us with their confidence.

9. **Freight Shipment.** All stock excepting Strawberry plants can be safely sent by freight. Our improved methods of packing insure arrival of stock in good condition.

10. **Low Express Rates.** The Express companies now carry Trees and Plants to all parts of the country at a reduction of 20 per cent from regular merchandise rates.

11. **Fumigation.** When requested we fumigate all stock, although we have no San Jose scale in our nurseries and never have had.

12. **Large Orders.** We shall be pleased to quote prices to parties desiring stock in larger quantities than offered herein. When sending list state definitely the number of each variety and size wanted.

13. **No Agents.** Remember we employ no agents, are responsible only for orders sent us through the mail or delivered in person, and no one is authorized to represent us, or to sell stock for us other than as stated in our Club Order offer. See page 7.

14. **Substitution.** Should we be out of any varieties ordered, we will substitute others of equal or greater value unless otherwise instructed. If you do not wish this done write plainly "no substitution," and we will then fill the order so far as we can and return the balance of your money.

15. **Application of Rates.** At the prices quoted, customers may select 5 trees in two varieties, or 10 trees in four varieties at ten rates, and 50 trees in ten varieties, or 100 trees in 20 varieties at hundred rates, but if remittance amounts to \$25 and up, everything can be figured at lowest rate quoted in both Fruit and Ornamental Department. Long lists of one and two of a kind must be at single rates, except in club orders of \$25.00 and over.

16. **The Spring Packing Season** usually opens the last of March and continues well into May.

17. **Our Shipping Facilities** are unsurpassed, as we are on the main line of the Delaware, Lackawanna & Western R. R., and on the Dansville branch of the Erie R. R. We have United States and Wells Fargo Express Companies.

18. **State Inspection.** Our Nurseries have been thoroughly inspected and found free from San Jose scale and other injurious insects and diseases. A certificate of inspection will be attached to all shipments.

19. **We guarantee all our Stock** to be up to size and grade specified, to be in good condition and carefully packed. This guarantee holds good only when prompt notification within three days of arrival of goods is sent us, stating plainly any errors or cause for complaint. When no report is received by us within the time specified, it is understood that stock is satisfactory and accepted, and no claim for discount or replacing of stock that dies will be entertained.

## Special Prices on XX or Bearing-Age Trees

For those wishing extra large sizes, we have a grade of 4 and 5 year old trees running from one to two inches in diameter, some of which bore fruit last year in the Nursery rows. They would be apt to give quick results when transplanted, and are much sought after by those who cannot wait for trees to grow. We have been making this grade a specialty for many years to meet the wants of our city trade. We have found that people owning small city lots were willing to pay extra prices for extra large trees, and it was necessary to charge higher prices because of the greater expense in boxing and packing. In preparing for this trade we have some varieties in excess, and in order to reduce our surplus, we are offering certain kinds at very low rates. These trees when carefully planted, have given phenomenal results and we have been receiving some surprising testimonials in regard to the success our patrons have had with this grade of stock, which we shall be pleased to send to any person interested in the planting of extra sizes. This grade of trees usually retails at from \$1.00 to \$2.00 per tree. Below will be found a list of the varieties we can furnish at the prices quoted. Always mention a second and third choice in case first choice is sold.

In all of the blocks of XX trees named above, we have a large number of 7-8 to 1 inch grade, 6 to 8 feet, which we would sell in quantities at greatly reduced prices. If interested in this class of stock, send us a list of your wants and let us make special quotations.

## EARLY ORDERS

A FEW REASONS WHY ORDERS SHOULD BE SENT IN BEFORE MARCH 1ST.

1st. You are more sure of having your orders filled complete and getting just the varieties you want. Many times when orders are received late, we are sold out of so many sorts that we are obliged to return the order or ship it only partly filled.

2nd. By ordering early you can get an earlier shipment and can make an earlier planting.

3d. On March 1st we always make up our first general digging list, and all orders accepted up to that date, are entered on Digging and Shipping list No. 1.

4th. We can only afford to allow discounts and give premiums because the receipt of early orders so greatly facilitates our office work before the heavy rush begins.

## CLUB ORDERS

CLUB ORDERS WILL BE ENTITLED TO PREMIUMS AS OFFERED BELOW AND DISCOUNTS AS OFFERED ON PAGE 8.

ON CLUB ORDERS amounting to \$25.00 or more, club-raisers may select ALL STOCK at hundred rates, or the lowest prices quoted, even though some members of the club require but one or two of a kind. Premiums are sent to club raisers as follows:

A \$25.00 CLUB GETS 25 PREMIUM TREES. A \$100.00 CLUB GETS 100 PREMIUM TREES.

The selection of varieties for the premium trees must be left with us, but we will conform to the wishes of the club-raiser so far as we are able. Should the club-raiser be anxious for some special sorts, we will on submission of his list of wants, make a special quotation thereon. We have to make this reservation to provide against the exhaustion of varieties that may be in unusual short supply. As a rule we generally furnish the premium trees in the 1st class medium sizes. Extra catalogs and order sheets will be sent to any one on application. Club orders are put up carefully so that the club raiser will have no trouble in distributing the stock. The premium trees are for the club-raiser *only* for securing us orders, thereby gaining us new customers. All others will therefore see why, when order is all for one person, the premium trees cannot be added. If interested write us at once for further particulars and easy terms.

The above offer applies to ALL STOCK quoted on pages 3, 4, 5, 6 and 7 of this price list ONLY.

## DISCOUNTS

On all orders reaching us BEFORE MARCH 1st, 1904, a discount of 10 per cent will be given when accompanied by remittance for full amount. CLUB ORDERS calling for premium trees as per page 7 will also be entitled to discount. The discounts allowed apply to all stock ordered at prices quoted on pages 3, 4, 5, 6 and 7 only of this list. Parties must mention the discounts on their orders themselves; we cannot look after it. If not entered, discounts will not be allowed and we cannot be held responsible. So please be sure to figure your discount and deduct same before sending in your order.

## SURPLUS STOCK

At the end of each packing season we have some varieties in surplus. They are good standard fruits and all of them valuable. These trees are strictly first-class in every way and are in surplus simply because they have done better in the blocks than other sorts and consequently we have a disproportionate number of them. The list includes many varieties of the highest excellence. They are not in surplus because of any inferiority, but are fully as good as anything we offer, well grown, carefully dug and graded, and our best quality. In order to even up our stock, we make the reduction in prices named below, for trees boxed and delivered on cars here.

When ordering state the number wanted ripening in summer, fall or winter, and we will give you varieties maturing in the different seasons as desired. Those desiring to plant small home orchards, will find this an economical method of obtaining good trees.

**No Orders for Surplus Stock Will be Filled Until April 15th, 1904, or Later. Your Selection as to Season of Ripening, but Our Selection of Varieties.**

	Large Size	Medium Size	Small Size

Orders for Surplus at prices named MUST AMOUNT TO 100 TREES OR MORE, but can be made up of any desired assortment and sizes. Add one cent per tree for less than 100 and over 50, and two cents per tree for under 50. No orders accepted for less than 10 trees.

ABOVE SURPLUS STOCK AT THE REDUCED RATES MUST NOT BE USED IN CLUB ORDERS. When wanted in Club Orders figure at regular hundred rates as per pages 3, 4 and 5. Orders of surplus stock at above prices are not entitled to discount or premiums.

## "BARGAIN SIZE"

Apples, Standard Pears and European Plums at 8c each, Japan Plums and Cherries at 10c each, Dwarf Pears 6c each.

"BARGAIN SIZE." These trees are just under our small size, straight, clean, thrifty little trees (mostly whips) with good roots. No orders filled for less than 100 trees, 50 trees at 1c per tree extra. BARGAIN SIZE MUST NOT BE INCLUDED IN CLUB ORDERS, AND IS NOT ENTITLED TO DISCOUNTS OR PREMIUMS.

## NOTICE

In anything offered on this page it would be well for those ordering to state the varieties preferred, as in many instances we would be able to conform to their wishes, but of course we must reserve the right to fill from such stock as we have in surplus.
